

### ENLARGED Gewa Prog

#### 425602 ACCESS GEWA PROG

Programmable IR transmitter with direct access or scanning, using single or multiple switch. The transmitter has 36 large distinct keys where symbols can be attached. Users are mainly people with cognitive or motor problems and/or visual impairments. Max 205 functions in 6 levels. For more information, see the functional description of Gewa Prog III. Program to create overlays is included. Attachment devices see Access Keyboard page 06:12. Operated with 4 1.5V Alkaline batteries LR 14 (8361). Batteries included.

**Size**  
330 x 250 x 200 mm  
**Weight** 180 gr incl. batt.  
**Operating force**  
1,5 N (150 gr)

### TRANSMITTERS Maxi Programmable

#### 425700 CONTROL PROG

Programmable IR transmitter with pushbutton function and also scanning with 1-5 function control switch(es). This transmitter can learn channels from other remote controls such as TV and video. Max 241 functions in 15 levels. Level 10 is pre-programmed to send commands to a PC. For this function 6632 Access USB interface is needed. One or several buttons can be adapted to coding; choose between 4096 different codes e.g. for door locking procedures. Macros can be programmed. "Slip-in" menus for identification of functions or levels for example. For connection to computer use 485618 Data Cable for programming, control and back-up. Operated with four 1,5V Alkaline batteries LR03 (AAA). Batteries not included.

**Size**  
134 x 70 x 25 mm  
**Weight** (incl. batteries) 180 gr  
**Operating force**  
<1N (100 gr)

#### 425718 CONTROL 18

Programmable hand-held IR transmitter with 18 buttons. Max 81 functions in 5 levels. This transmitter can learn channels from other remote controls such as TV and video. One or several buttons can be adapted to coding; choose between 4096 different codes e.g. for door locking procedures. Macros can be programmed. With overlay and neck-strap. Operated with four 1,5V LR03 (AAA) Alkaline batteries. Batteries not included.

**Size**  
134 x 70 x 25 mm  
**Weight** (incl. battery) 170 gr  
**Operating force**  
<1N (100 gr)

#### 425710 CONTROL 10

Programmable hand-held IR transmitter with 10 buttons. Max 36 functions in 4 levels. This transmitter can learn channels from other remote controls such as TV and video. One or several buttons can be adapted to coding; choose between 4096 different codes e.g. for door locking procedures. Macros can be programmed. "Slip-in" menus for marking of functions or levels for instance. With overlay and neck-strap. Operated with four 1,5V LR03 (AAA) Alkaline batteries. Batteries not included.

**Size**  
134 x 70 x 25 mm  
**Weight** (incl. battery) 170 gr  
**Operating force**  
<1N (100 gr)

### TRANSMITTER Medi Programmable

#### 406900 IR-5SP

Programmable hand-held IR transmitter with 6 buttons. Max 20 functions in 4 levels. This transmitter can learn channels from other remote controls such as TV and video. One button can be adapted to coding. Macros can be programmed. With overlay and neck-strap. 1-function switch can be connected to control one function. Operated with 9V Alkaline battery. Battery not included.

**Size**  
95 x 55 x 23 mm  
**Weight** (incl. battery) 95 gr  
**Operating force**  
1 N (100 gr)

### TRANSMITTER Micro Programmable

#### 401104 IR-1SP MICRO

Programmable hand-held IR transmitter with 1 button. Macros can be programmed from a PC. Battery pack for Micro transmitter (401930). Battery pack not included.

**Size**  
46 x 36 x 16 mm  
**Weight** (incl. battery) 25 gr

### TRANSMITTER for control switches

#### 402500 BIG JACK IR-6SP

A programmable IR transmitter for controlling the environment via control switches. This transmitter can learn channels from other remote controls such as TV and video. Up to six control switches with 3.5 mm plugs can be connected for six different channels. Operated with 4 1.5V Alkaline batteries, LR6. Batteries and control switches not included.

**Size**  
140 x 100 x 38 mm  
**Weight** (incl. batteries) 230 gr

#### 401108 IR-3SP MICRO JACK

Programmable hand-held IR transmitter with 1 button and two jack sockets for control switches with 3.5 mm plugs. This transmitter can learn channels from other remote controls such as TV and video. Battery pack for Micro transmitter (401930). Battery pack and control switches not included.

**Size**  
46 x 36 x 16 mm  
**Weight** (incl. battery) 35 gr

### TRANSMITTING through serial port

#### 425613 GEWA PROG III MODULE

Programmable IR transmitter without push-button function. Serial interface for connecting to a computer for programming, control and back-up (use 425618 Data Cable). This transmitter can learn channels from other remote controls such as TV and video. Max. 161 functions. Macros can be programmed. 8412 BE Mascot 12V DC for power supply and 425618 Data Cable included.

**Size**  
95 x 55 x 23 mm  
**Weight**  
50 gr

### MOBILE PHONES controlled by Gewa Prog

#### 425634 MOBILE PHONE SET

The set makes it possible to control certain mobile phones from Gewa Prog, Access Gewa Prog and the keyboards Access Medi and Maxi. One of the following voice controlled Ericsson mobile phones T 28, R 310, R 320, R 380, A 2618, T29S, T25, T68 and T68i are needed. Included in set: Headset with microphone, one adapter and a two-way cable.

### TRANSMITTING through USB port

#### 425615 CONTROL STAR USB

Programmable IR transmitter. USB interface for connecting to a computer for programming, control and back-up. Own software needed but USB drivers included. This transmitter can learn channels from other remote controls such as TV and video. Max. 256 functions. Macros can be programmed. Two 1-function switches can be connected.

**Size**  
70 x 55 x 20 mm  
**Weight**  
110 gr

#### 425638 CONTROL MICRO USB

Programmable IR transmitter. USB interface for connecting to a computer for programming, control and back-up. Own software needed but USB drivers included. This transmitter can learn channels from other remote controls such as TV and video. Max. 256 functions. Macros can be programmed.

**Size**  
46 x 36 x 16 mm  
**Weight**  
50 gr

#### 425620 ADAPTER USB/SERIAL

USB adapter for connecting the transmitters Control Prog, Gewa Prog and Access Prog to a PC. USB driver included. Two 1-function switches can be connected for operating specially made software e.g. The Grid.
