Important Information

Always treat your product with care. Do not attempt to disassemble it, only Possum Limited authorized personnel should perform any service.

Do not expose your product to open flames, lit tobacco products or extremely high temperatures above 60°C.

This symbol on the product or on its packaging indicates that this product should not be treated as household waste. Instead it should be returned to Possum Controls for recycling. The recycling of materials will prevent negative consequences for the environment, human health and help to conserve natural resources.

Please note

For a rapid disconnection of the charger, the socket outlet will have to be easily accessible.

2
