## CHARGING THE COMBI 1

The Possum Combi 1 Box is designed to charge and operate from a single co-axial power supply unit supplied by Possum Ltd part number 034-982

## TURNING ON YOUR COMBI 1

1. Before switching on your Combi 1 it is advisable to plug in the Possum Mini Coaxial PSU to charge the battery
2. After a couple of minutes use a sim card eject tool or similar to push into the power hole on the side of the device.
